

Building homes in partnership with God's people in need

You are invited to join The Carpenter's Club!

The Carpenter's Club consists of individuals, businesses, churches, service clubs or groups that pledge a set dollar amount (of your own choosing) for each of three homes we plan to build in 2015. Some pledge \$50 / home for an annual total of \$150. Some give \$1,000 for each of three homes built in a year, a total of \$3,000. (see chart below) This money goes to buy building materials and lots to build on. This steady source of funds, plus the current homeowners monthly mortgage payments, is crucial to the continued building of simple, decent, affordable homes for and with God's people in need!

In our first 23 years we have been able to build 70 homes! It would be an awesome blessing if you, or a group you belong to, would join The Carpenter's Club!

God bless you for your generosity,

Fund Raising Committee
